In 2017, Khentrul Rinpoché will travel around the world to promote peace and harmony through a series of events focused on introducing students to the unique system of practice found in the Kalachakra Tantra.

Renowned Jonang scholar and Rime master, Khentrul Jamphel Lodrö Rinpoche, studied in 11 monasteries under 25 teachers before becoming Khenpo (teacher) of Dzamthang monastery in Tibet. He was awarded the title of Rimé master, meaning master of all traditions. His vast and comprehensive knowledge offers the West a rare opportunity to engage in Buddhist practice from a non-sectarian point of view and access the most profound teachings of Highest Yoga Tantra as taught by the Jonangpa.
